

Diversity, Equity, and Inclusion with Litify

Diversity, Equity, and Inclusion (DEI) is an important part of many firms' panel management. However, corporate legal departments often lack the data to track DEI performance in an effective way. Litify ELM gives legal teams real-time, comprehensive insight into the composition of their outside counsel with information pulled straight from their invoices.

How it works

When you use Litify ELM, you also get:

- 

Automated bill review based on your specific guidelines for outside counsel
- 

Better outside counsel management with powerful performance dashboards
- 

Automated document generation that lets you create and populate standard documents in seconds
- 

Matter management plans that keep your team organized and ensure they're following best practices
- 

Streamlined legal service requests with configurable portals and multi-channel data capture
